

MJC *Just the Facts: Unit Accumulation*

The March 2021 release of the [Student Success Metrics dashboard \(SSM\)](#) is now live with 2019-2020 information.

Highlighted below is one of the metrics, which describes the average number of semester units accumulated by first-time associate degree earners. The average decreased from **92** in 2014-2015 to **87** in 2019-2020:

Average Number of Semester Units Accumulated by First-Time Associate Degree Earners

Among students in the selected student journey who were enrolled and who earned an associate degree for the first time in the selected year, the average number of semester units in the California community college system earned up to and including the selected year

Source: Chancellor's Office Management Information System

By ethnicity, the average number of units accumulated by first-time associate degree earners:

| Ethnicity | Average Units Accumulated | |
|-------------------------------------|---------------------------|-----------|
| | 2014-2015 | 2019-2020 |
