Appeal for Priority Registration Process Instructions

LOSS OF PRIORITY REGISTRATION:

The California State Legislature per Title 5 Section 58108, requires colleges to adopt registration priorities based on factors such as units completed, academic standing, and other consideration. Students who have lost priority registration may appeal to have it reinstated based on Extenuating Circumstances, a student with a disability applied for, but did not receive, timely reasonable accommodation, academic or progress improvement, or earning 100 or more MJC degree-applicable semester units. If the request is granted, it does not guarantee enrollment in specific courses.

Please note: being approved for priority registration will automatically grant BOG reinstatement. However, approved BOG appeals do not automatically grant priority registration.

Submit the completed appeal form to Enrollment Services with all the supporting documentation that is indicated on the form based on your appeal reason (Appeal form, typed narrative, comprehensive education plan, and supporting documentation). Any missing information may result in your appeal being denied.
